Qatar Solar Technologies (QSTec) is a leading renewable energy company based in Qatar. The company specializes in developing solar projects in various sectors, including utility-scale solar power plants, rooftop solar systems, and solar-powered desalination plants. QSTec is committed to promoting sustainable energy solutions and reducing the ...

Qatar Solar Technologies - (QSTec) | 17,078 ?Enabling solar power | Qatar Solar Technologies (QSTec) is a multi-award winning polysilicon manufacturing company. Our polysilicon is at the forefront of industry excellence in terms of cost, quality, and efficiency, and is exported from our strategic location in Qatar to our customers across the world.

Highly analytical and accomplished professional with extensive broad-based experience leading all facets of SAP program management, structural analysis, road mapping, and system design for top ...

QSTec has an 8,400 metric tonne per year (MTPY) high quality, solar grade Polysilicon manufacturing facility in the Ras Laffan Industrial City (RLIC), Qatar that produces top tier polysilicon for use in the world's most efficient solar technologies. In addition to this QSTec has installed ground and rooftop PV installations at its RLIC site ...

Qatar Solar Technologies (QSTec) has purchased a 49% stake in what is left of SolarWorld AG (ETR:SWV) in a deal that is considered as a lifesaver for the German photovoltaics (PV) manufacturer.

We are extremely proud to be working with these organisations to ensure solar power is able to reach every single person in Qatar and provide alternative energy sources to a wide variety of solar applications. QSTec's collaborations will bring us full circle in solar energy, from the manufacturing of solar technologies and applications, to ...

Qatar Solar Technologies (QSTec) will be building a polysilicon production facility worth around \$1bn in Qatar. QSTec's plant will manufacture 8,000 MTPY (metric tonnes per year) of high-purity solar grade polysilicon and is scheduled to commence operations in second half of 2013. The site is located on 1.2 million square metres of land in ...

QSTec has 1.2mn sqm of land in RLIC, which will allow for future expansion along the solar value chain to ultimately produce high quality solar modules and technologies in Qatar.
