

Solarstone energy Albania

What is Solarstone doing in Estonia?

Solarstone is reinforcing Estonia's commitment to sustainable energy solutions by opening Europe's largest solar roof factory to produce 14 times as many building-integrated solar roofs as Tesla in the U.S. The factory can assemble 13,000 integrated solar panels per month.

Who makes Solarstone solar panels?

The new factory is backed by investments from Estonian-based companies Sunly and Biofuel. The Solarstone product goes beyond a standard rooftop solar panel. Their building-integrated photovoltaics (BIPV) serve a dual purpose as both a roofing material and an energy generator, turning sunlight into electricity.

What does Solarstone do?

Solarstone oversees the consultation, design, and installation of the Solar Full Roof. For renovation projects, homeowners or their chosen contractors should remove the old roof and set up wooden battens per our guidelines. Once that's done, our team or a certified partner steps in for the Solar Full Roof (TM) installation.

What is a Solarstone solar panel?

The Solarstone product goes beyond a standard rooftop solar panel. Their building-integrated photovoltaics (BIPV) serve a dual purpose as both a roofing material and an energy generator, turning sunlight into electricity. "We offer a 2-in-1 solution that is markedly more eco-friendly."

Is Solarstone better than Tesla?

Compared to Tesla, Solarstone is able to produce 14 times more solar-powered roofs. In the last seven years, Tesla has installed solar roofs for 3,000 homes in the U.S. According to the CEO of Solarstone, Silver Aednik, the new factory helps to drive the industry transformation globally.

Why should you choose Solarstone?

The plant's annual production capacity of 60 MW bolsters Solarstone as the leading building-integrated photovoltaics production unit in Europe. Solarstone's implementation of advanced precision machining enables easy adaptation to the specifications of top-tier solar panel manufacturers known for their high-quality standards.
