

Solgen power Moldova

Who is Solgen power?

Solgen Power is a solar energy contractor that sells and installs solar for homeowners. Solgen Power has been recognized by INC. 5000 as one of the fastest growing companies in the nation. Solgen Power has grown nationwide and continues to provide excellent customer service to homeowners. Who Does the Install? How Long Does it Take?

Is Solgen power a good solar panel company?

The above-average customer service and the highly efficient solar panel brands make Solgen Power a great option in terms of the cost to value ratio. Solgen Power only accepts cash purchases and solar loans, which is common among high-quality installers.

Why should you choose Solgen power?

Solgen Power only provides high graded installation to make sure we customers are satisfied with their solar panels. Installations are done by professionals and is warranted for 25 years. Our installation can withstand all types of harsh environments like rain, snow, hail, and heavy winds.

Does Solgen power have a warranty?

Solgen Power offers a 25-year warranty for physical damage and power production for all solar panels and inverters. It also has a 10-year warranty for labor, which includes protection from roof leaks. This warranty coverage is good, but it's not the best.

Does Solgen power accept solar loans?

Solgen Power only accepts cash purchases and solar loans, which is common among high-quality installers. Solgen doesn't provide access to leases for solar systems and power purchase agreements (PPAs), although these options aren't usually recommended anyway. The table below provides a quick comparison of the purchase options Solgen Power offers.

How does Solgen work?

Finally, Solgen can activate your system and set up interconnection to connect you to the grid and get you started with net metering -- if offered by your power company. At this point, your panels will be generating electricity for your home and begin offsetting your electric bills.
