

Sonne battery France

Where are Sonnen batteries made?

With local manufacturing and assembling plants in California and South Australia, Sonnen has expanded into the US and Australian markets. Sonnen sold their first battery in 2011 and was honoured by MIT in 2016 as one of the 50 Smartest Companies 2016 worldwide.

What kind of batteries does Sonnen offer?

Sonnen offers three different residential batteries in the US: the SonnenEvo, SonnenCore Plus and EcoLinx. Each battery can provide backup power, which is nice. But Sonnen batteries are designed for a connection with the company's virtual power plant program. Sonnen also offers a commercial and industrial EcoLinx battery called the EcoLinx 100.

Are Sonnen batteries maintenance-free?

Sonnen batteries come with a built-in battery monitoring system that allows users to track their battery's performance and health in real time. This system also provides users with alerts if any problems are detected. Sonnen batteries are maintenance-free meaning that they do not require any maintenance checks during their entire lifespan.

Are Sonnen batteries safe?

Sonnen batteries use lithium iron phosphate (LFP) cells, which are known for their safety, longevity, and durability. LFP cells are also less susceptible to thermal runaway, making them a safer choice for home and commercial use. Sonnen batteries have a modular design, which allows them to be easily installed and scaled up or down as needed.

Does the Sonnen Batterie store energy?

The Sonnen Batterie not only stores energy, it's smart. As an intelligent, backup-capable, energy storage system the Sonnen Batterie can integrate into any existing PV system on the market. Gain your energy independence now and hedge yourself against future energy price increases. Your key benefits. Lower your electricity bills.

Is Sonnen a smart home energy storage company?

Intelligent home energy storage. As a fast-growing technology company, Sonnen is already active in more than 11 markets globally. Sonnen has received many awards for its innovative products and their rapid growth over the many years.

Sonnen offers a 10-year Factory Limited Warranty on all its intelligent battery systems. This means that your investment is protected for 10 years or 10,000 charge cycles, whichever comes first. During the warranty period, all components of your Sonnen battery are covered: the inverter, all power electronics, the energy manager and battery modules.
