South Georgia, sometimes referred to as Isla San Pedro, is an island that is located in the South Atlantic Ocean and is part of the British administration of the South Sandwich Islands and part of the British Overseas Territory of South Georgia. The island is located 1400km from the Falkland Islands and is about 170km long and 35km wide.

A list of 49 approved visitor sites is included as an annex in the Visiting South Georgia. Some approved sites are only suitable for Zodiac cruising and cruise ships carrying in excess of 200 passengers are only permitted to land passengers at certain sites.

With 11 main islands and several smaller islets, the South Sandwich Islands are also part of the South Georgia British Overseas Territory, despite lying around over 700-kilometres southeast. Volcanic in origin, this island chain is incredibly inhospitable and consists of numerous perilous peaks, some of which remain active while others are snow ...
