I had my Batterybank installed about a month ago; I was the fourth person on my street. I highly recommend that if you are interested in reducing your electric bill as well as your carbon footprint, you contact them.

I haven't done too many good things in my life, but the best thing I've done is work with Soluna installing a solar battery inside my home. I've had the air conditioning running through this heat and my last electric bill considerably lower. Knowing that Me and my family will be safe during a power outage definitely gives me peace of mind.
