The primary goal was to provide Sun Path containers with even more comfort for skydiving use using molded foam technology. After several versions, field testing, and feedback from our Sun Path sponsored athletes we are finally ready to launch the SPYN System to the skydiving community.

Sun Path Products was one of the first harness container manufacturers to offer stainless steel hardware as a standard feature. The decision to stock only stainless steel hardware was twofold. 1. End the chance of hardware wearing out and 2. Reduce the wear on the harness itself. All Sun Path products are manufactured with stainless steel hardware.

The Javelin Odyssey is the harness/container of choice for more World Champion skydivers than any other system in the world. We proudly work with HayaBusa, Rook Nelson, the US Army Golden Knights, PD Factory Team, and hundreds of other world class jumpers. R10230 - SUN PATH STUDENT HARNESS/CONTAINER - NO ...

This makes your container lighter, easier to pack, and better fitting for a variety of jumpers. Harness design is also vital for accuracy competitors. The main ring placement has been relocated on the Accuracy Javelin, allowing you to sit up straight in the harness and giving you a better body positioning on approach.

Raeford Parachute Center has been using the student Javelin containers, BOC throw out system for about 8 months now. We love it! Much more adjustable for multi-sized students, I like the main and reserve side main pilotchute deployment system, the cutaway system is universal, meaning even if the student pulls the emergency handles out of sequence, it will cutaway first and then ...

Sun Path Products engineer and master rigger, Tom Parker, demonstrates the proper way to stow the main risers, place the main bag in the container and close the main container on a Sun Path Products sport harness/container system. Categories: Video; You May Be Interested In: Gear Check Advice from Dan BC.

Not all canopies are compatible with Sun Path rigs. Before ordering a rig, please review our Canopy compatibility chart for Javelin rigs. If in doubt, please contact us directly with your compatibility questions at (910) 875-9002.
