

Sterling and Wilson power solutions Nicaragua

Sterling and Wilson General Information Description. Sterling and Wilson Renewable Energy Ltd is an Indian company engaged in Turnkey and Rooftop solutions for engineering, procurement, construction (EPC), development, operation, and maintenance of Solar Power projects.

At Sterling and Wilson, our 3000+ employee base is spread across 6 businesses, exposing each individual to a plethora of growth opportunities. A meticulously designed career path leads them to realise their full potential and gain expertise in professional and leadership skills.

The Solar EPC Division of Sterling and Wilson Private Limited, Sterling and Wilson Solar Limited commenced operations in 2011 and was subsequently demerged in 2017. This division was formed to tap into the growing renewable energy market. We are now the leading solar EPC solutions provider in the world, with a presence across 29 countries.

When the nation made the switch from 400 kV to 765 kV for electrical transmission, Sterling and Wilson helped navigate through the transition. Now armed with the vision of creating a Golden Corridor of electrical distribution - extending up to 1200 kV across the country, our T& D business is driven by a grand motto - One Nation. One Grid. One Market.
