

Suriname beijing sinohy energy co ltd

What are the alternatives to Beijing sinohy energy?

Alternatives and possible competitors to Beijing SinoHy Energy may include Siji Muge Technology Group ,SinoHyKey Technology Company ,and Touch Energy Technologies. Beijing CEI Technology Co.,Ltd. specializes in hydrogen/oxygen generators through water electrolysis and hydrogen energy solutions.

Where is Beijing sinohy energy located?

Beijing SinoHy Energy is located in Beijing,Beijing,China. Who are Beijing SinoHy Energy's competitors? Alternatives and possible competitors to Beijing SinoHy Energy may include Siji Muge Technology Group ,SinoHyKey Technology Company ,and Touch Energy Technologies.

What is the project name of Ordos Beijiao thermal power plant?

Project name: 4#215;300MW direct air-cooled heating unit of Ordos Beijiao Thermal Power Co.,Ltd. of Mengtai Group Project location: Ordos City,Inner Mongolia Autonomous Region Storage capacity: The planned capacity of the power plant is 4#215;330MW direct air-cooled heating unit project Running time: 2014

Beijing SinoHy Energy Co., Ltd. was established in 2007 and has been focusing on the field of water electrolysis hydrogen production, hydrogen refueling and energy storage. It is a national high-tech enterprise, ranking top in the same industry nationwide, and is a water electrolysis hydrogen production equipment company in Beijing.

Beijing SinoHy Energy Co., Ltd, (SinoHy) is a professional company for the operating, researching, manufacture, sale and supply of gas generation and testing system. We have the capacity and professional technology to serve our client on time and have accumulated plenty of outstanding achievements in electric power industry area. There are over ...

BEIJING, CHINA AND MADRID, SPAIN / ACCESSWIRE / June 27, 2024 / Hygreen Energy ("Hygreen" or "the Company"), a global electrolyzer supplier for green hydrogen production, is pleased to announce the completion of its amalgamation of Beijing SinoHy Energy Co., Ltd. ("SinoHy"). The transition will reposition the Company to become a major player in ...

Beijing SinoHy Energy | 245 followers on LinkedIn. Promote Green Hydrogen Energy and Create an Ecological World. | The company has established cooperative research and development projects for key hydrogen energy technologies with domestic authoritative hydrogen energy research institutes such as the Dalian Institute of the Chinese Academy of Sciences, Wuhan ...
