About us How it all started. The Edelman family has been involved in cacti since 1945. What initially started as a hobby quickly grew into a full-fledged company. Edelcactus BV originated from this more than 25 years ago. In 2019, Edelcactus was taken over by Peter Begemann and Leo Dekker. Your lifetime plant.... Lees verder About us

The Tanzanian zipper plant, or Euphorbia anoplia, is a succulent plant that looks more like a cactus, often resulting in confusion regarding this plant. There are no leaves or spines to this plant, although there are some tall-growing stems with multiple ridges on each of ...
