

Tanzania eikto battery

Who is eikto?

EIKTO is a leading lithium battery innovator, we are specialized in Lithium-ion battery technology development and manufacturing, our integrated PACK is suitable for forklifts, marine, heavy trucks and battery energy storage system (BESS). We contribute to global low-carbon emissions, and to promote the development of the clean energy.

Who is ekt (eikto) lithium battery?

We Power Your Business ! |EKT (EIKTO) Lithium battery is world's largest manufacture of Lithium Battery for Material Handling Equipment. We are the official supplier of top OEMs, also, is a pioneer to bring a cost-effective Lithium battery solution for global market. Our product ranges from 24V, 36V, 48V, 72V until 80V.

What is eikto lithium battery management system?

EIKTO lithium batteries are equipped with an intelligent battery management system that monitors the battery status in real-time, such as voltage, current, and temperature and takes action in abnormal situations, such as disconnecting the circuit or issuing an alarm to protect the battery and equipment.

What makes eikto a good battery?

The EIKTO MS series uses a unique blend of lithium ions, making it the most compact, durable, and powerful battery on the market. EIKTO has been committed to improving energy efficiency and the environment for years. Our self-developed battery cell and the patented structure gave us a competitive advantage over other battery manufacturers.

Are eikto lithium batteries environmentally friendly?

EIKTO lithium batteries are made of environmentally friendly materials and do not contain harmful substances such as lead and mercury, which can reduce environmental pollution. In addition, lithium batteries have high recyclability, which helps reduce waste and resource waste.

Where is eikto located?

We contribute to global low-carbon emissions, and to promote the development of the clean energy. No. 998, Baocheng Road, Eikto Industrial Park. Economic & Technology Development Zone, Xuancheng, City, Anhui Province. China. EIKTO® All Rights Reserved.

With 45% market share in national new energy forklift sector, Eikto solidified its position as the industry's No.1 Battery manufacturer. Different operational profiles and forklift types require different solutions.

EIKTO Company Profile EKT is a global supplier of new energy applications. The company specializes in R& D, production and sales of lithium-ion batteries for industrial vehicles, lithium-ion batteries for new

We contribute to global low-carbon emissions, and to promote the development of the clean energy.

The EKT battery is specially designed to fit lithium-ion electric vehicles, and provides excellent safety and energy density while maintaining the same form factor as a regular lead-based battery.

Battery modules are like building blocks, they can be combined and stacked freely. Compact design with a lightweight case made of high-density plastic (PC/ABS). Fully-enclosed structure with waterproof IP67 Excellent insulation performance for the high-voltage application. EIKTO ALL-IN-ONE BATTERY PACK EIKTO ALL-IN-ONE BATTERY PACK
