ESS Inc: In June 2024, EXIM's Board of Directors authorized \$50 million in financing to ESS Inc. for its Wilsonville, Oregon facility, for the construction of several new long-duration iron flow battery storage production lines. The long-duration batteries are purpose-built for bulk storage by solar and wind renewable power providers.

ESS Inc. Iron electrolyte flow battery company ESS Inc - which holds the IP for its technology - achieved its highest annual revenues to date in the year ending 31 December 2023 of US\$7.5 million. That was below the US\$9 million guided in Q3, but a massive increase from the US\$610,000 revenue it earned in 2022, the first year it began ...

The US official export credit agency has approved a US\$50 million financing package, which ESS Inc. will use to fuel the expansion of the Wilsonville factory. As of the beginning of 2023, the company's annual production capacity stood at 800MWh. ESS Inc claimed the funding would enable a tripling of production capacity at the site.

ESS announced that a financing package of \$50 million was approved by the Export-Import Bank of the United States (EXIM) under the Make More in America Initiative. This financing will fund the expansion of ESS" production capacity in Wilsonville, Ore. to meet rapidly growing global demand for LDES.
