

With BMZ POWER4HOME you are less dependent on the public power grid by storing your solar power and making it available for later use, even when the sun is not shining. You can use BMZ POWER4HOME as a standalone unit or in combination with other BMZ products to reduce costs, decrease CO2 emissions, and protect your home against power outages.

The BMZ Hyperion sets a groundbreaking standard in the energy storage industry. With its advanced high-voltage technology, the system not only delivers impressive performance but also boasts a high adaptability to diverse requirements. Developed in close collaboration with inverter manufacturers, BMZ Group offers all-in-one solutions.
