Does Lubi electronics add value to your solar project?

We are sure that our products will add value to your solar project. Lubi Electronics specializes in providing best in class Poly,Perc-Mono and Half-cut solar modules to reputed customers in India. We provide eco-friendly PV solutions which generate more energy at a competitive cost.

Why should you go solar in Vanuatu?

In an era of climate change and unsustainable environmental practices,by embracing solar power Vanuatu can forge ahead with providing affordable,clean energy for all its people. More than ever,a great time to go solar!! Reduce your electricity costs.

Does Etech Solar Ship to Vanuatu?

See us for all your solar requirements. We ship Vanuatu wide. Layby Available. Conditions apply. At eTech Solar,we are dedicated to providing the best solar installation services to our customers. Our mission is to help you save money on your energy bills while also reducing your environmental impact.

Why should you choose Lubi electronics?

Lubi Electronics knows that clean affordable solar electricity is an essential part of the worldwide energy mix. Our experience across the solar value chain reduces risk while delivering more reliable, dependable and cost-effective solutions for our customers. Go solar, reduce your energy bills and make a positive impact on climate change.

Who is Lubi electronics?

Lubi Electronics specializes in manufacturing AC and DC solar pumping systems. Our products achieve industry leading efficiency with lowest carbon footprint. Pumps and motors account for 1/3 of all electricity used in the world. Join us solarize all pump and motor applications for a sustainable tomorrow.

eTech Solar is accelerating the adoption of quality yet affordable solar technology across Vanuatu to conserve our environment and provide an environmentally friendly and sustainable power supply. We aim to be the best solar supply and ...

Existence of human life in rural area depends largely on the availability of clean water to people, crops and livestock. In many parts of India there is shortage of reliable electric power for homes and irrigation of fields where Lubi LSY series of solar Centrifugal Monoblock pumping systems can make a remarkable contribution.

In the rapidly evolving world of renewable energy, solar power has emerged as a leading solution to meet global energy demands sustainably. At LUBI Electronics, we specialize in delivering comprehensive Solar EPC (Engineering, Procurement, and Construction) services, ensuring that our clients receive top-notch solutions from inception to completion.
