

Venezuela is positioning a US-sanctioned crude tanker to unload a stricken offshore storage vessel threatening to spill oil into the Gulf of Paria while Eni says it is still awaiting US clearance to help transfer the oil out of the listing vessel ... EU countries already hitting some of their sustainable energy targets for 2030

Energy Storage Vessels can cycle up to three times per day without rest and boast an expected lifetime of 30 years / 30,000 cycles - enabling unique applications and business models for developers, integrators, and owners. The Energy Rack takes EnerVenue's revolutionary technology to the next level and offers the easiest, safest, and most ...

The energy storage unit from KONGSBERG is specifically designed for demanding marine applications and optimised for both hybrid and pure electric vessels. The demand for green solutions in the maritime industry is driving an increased use of clean electrical power systems that utilise energy storage.

This paper presents an innovative approach to the design of a forthcoming, fully electric-powered cargo vessel. This work begins by defining problems that need to be solved when designing vessels of this kind. Using ...

In recent years, the Encapsulated Mobilized-Thermal Energy Storage (M-TES) vessel has emerged as an alternative to the traditional shell and tube vessel. In comparison, the capsule-type vessel boasts higher heat transfer efficiency, reduced weight and cost, and eliminates the need for tubes and fins.

September 21, 2020 [Argus] - Trinidad and Tobago is concluding arrangements with Venezuela to allow its inspectors to access a damaged oil storage vessel in the Gulf of Paria, the Caribbean state's energy ministry told Argus. The inspection of the Venezuela-flagged Nabarima is meant to "independently verify reports that the vessel has been stabilized and that leaking oil does not ...

Energy Storage Energy Efficiency New Energy Vehicles Energy Economy Climate Change Biomass Energy Mining and Metallurgy . ... Monday 05 Feb 2024. Venezuela and Bermuda Player in Talks Over Potential FLNG Tech Investment ... The vessel was converted from a 1976-built Moss LNG carrier to a floating LNG production unit. The GTA development's ...

Venezuela's state oil company PDVSA has begun using tankers that navigate off radar to supply its closest political ally, Cuba, as a fleet of state-owned vessels that have ...

Minister of Energy and Energy Industries, Franklin Khan, said they are closely monitoring a Venezuelan oil storage vessel which was said to be in an emergency situation near the Gulf of Paria. ... PM to talk Venezuela, energy prospects with US delegation in Barbados. Man killed, another injured in separate police-involved
