

Where are Webasto batteries made?

Our battery systems are developed, tested and produced in the Webasto plant Schierling in Germany- so every battery meets the very highest standards. The thermo management solutions from Webasto shorten charging cycles, extend battery life and ensure pleasant temperatures inside the vehicle.

Is Webasto a good battery system for commercial vehicles?

The Webasto CV standard battery system is designed for the commercial vehicle market and offers robust packaging, automotive standard design, zero compromise quality and an efficient cooling interface. Coupled with Samsung SDI state-of-the-art cell technology, Webasto CV standard battery system is a perfect fit for commercial vehicles.

How many batteries will Webasto make a year?

The company targets manufacturing 110,000 battery modules a year and plan expanding to a capacity of 160,000 packs by 2025 in South Korea. Webasto has invested around 88 million euros in the location. Production in Dangjin started this April, now followed the official opening.

Find the right roof system for your boat. Whether fixed or folding, openable or closed. Webasto has a large portfolio of marine roofs. Home. About Us ... Standardized Battery & Thermo Management; Power Cycling & Test Systems; All products. All ...

Stockdorf - 23. März 2022 - Ob Flughafenfahrzeuge, Lkw oder Baumaschinen - für Unternehmen, die ihre mit traditionellen Verbrennungsmotoren bestückten Nutzfahrzeuge auf elektrischen Betrieb umstellen möchten, bietet Webasto jetzt die nötige Hilfestellung. Mit seinen Battery Services steht das Unternehmen seinen Kund\*innen über den gesamten Verlauf der ...

Das Webasto CV Standard Battery System garantiert höchste Qualität und Sicherheit. Sein modulares, skalierbares Design eignet sich für verschiedene Fahrzeugtypen und bietet ein robustes Gehäuse, unerschütterliche Qualität und ein effizientes Wärmemanagement.
