

Yada green energy solutions co ltd Kosovo

YADA is one of the first domestic enterprises to provide gas carrier related services, and now has the ability to provide the overall solution service for gas carrier. In the service history of more than ten years, YADA had completed pump towers for large LNG powered ships and won the national first set of award.

The integrated solutions of chemical tanker cover from principle design, optimization design, prefabricated pipeline manufacture (including pre-insulation inside factory), coating, on-board installation, overall inspection submission to entire ship passivation service, YADA provides a strong guarantee for the project quality and on-time delivery.

Yada Green Energy Solutions Co., Ltd. The Leader of Green Ship Pipeline Equipment Integration Solutions . Ship Builders / Engineering. INFORMACIóN GENERAL. Fundado: 1993 : ACTIVIDAD DE NEGOCIOS. skid unit for marine projects ...

UNIT SKIDSOLUTION Experienced LNG skid project management team. YADA skid production line has an annual output of 350 sets of skids, providing one-stop solutions from principle design, detailed design, production design, component manufacturing, pipeline prefabrication and skid integration to installation and commissioning, operation and maintenance services.

YADA has 12 product lines, from seamless steel pipe, welded pipe, pipe fitting, flange to bracket, prefabricated pipe, double-wall pipe, pump tower and module, creating the only fully equipped flexible manufacturing enterprise in China to ensure the quality and quantity of products delivered to customers in various industries.

FULL CHAIN MANUFACTURING, SEIKO QUALITY YADA has 12 product lines, from seamless steel pipe, welded pipe, pipe fitting, flange to bracket, prefabricated pipe, double-wall pipe, pump tower and module, creating the only fully equipped flexible manufacturing enterprise in China to ensure the quality and quantity of products delivered to customers in various industries.

Since 2022, Yada and MAN Cryo reached global strategic cooperation agreement based on dual fuel supply system for marine projects, which covers LNG, methanol, ammonia, hydrogen, etc. The "MAN Cryo & YADA" cooperation ...

With the vision of becoming the leader of green marine pipeline equipment integration solutions, in order to

Yada green energy solutions co ltd Kosovo

maximize customer benefits, YADA is committed to developing upmarket equipment manufacture industry, focusing on providing integrated solutions for advanced ships, marine engineering and clean energy, as well as cost-effective modular ...

YADA actively responds to the call of the state, in various fields such as international shipping and ocean engineering, facing the direction of green and low-carbon development, actively layouts related product design and research and development focusing on LNG energy, and actively carries out technology reserve and research and development in hydrogen energy, ammonia ...

FAITHFUL YADA. YADA was established in 1993, after 30 years of continuous cultivation and exploration, gradually improve the manufacturing capacity of the whole industry chain from primary manufacturing to quaternary manufacturing, and become a leader in integrated solutions for green marine pipeline equipment, achieving mutual benefits for all levels.

YADA has the manufacturing strength of the whole industry chain and the quality management system of the whole process. YADA products are delivered to global customers with seiko quality. YADA products have successively served tens of thousands of projects in the field of clean energy such as high-end ships and ocean engineering.

YADA has set up a technology research and development center, with a technical design team of more than 100 people, and establish an industry-university-research mechanism in cooperation with shipbuilding institutes, aerospace institutes, Zhejiang University, Jiangsu University of Science and Technology and other universities and research institutes.

YADA can provide customers with different materials including duplex steel, austenitic stainless steel FPSO pipeline products and solutions. In order to achieve the first domestic production and delivery of key products with large-diameter, ultra-thick & high-pressure duplex steel pipes and fittings, YADA took a solid step to replace importing ...

The Leader of Green Ship Pipeline Equipment Integration Solutions. Yada Green Energy Solutions Co., Ltd. was established in 1993, provides full lifecycle services to customers from principle design, Stress analysis, detail design, components manufacturing, spool prefabrication, skids integration, installation, safety monitoring, operation and maintenance.

YADA and MAN Cryo reached global strategic cooperation agreement based on dual fuel supply system for marine projects, which covers LNG, methanol, ammonia, hydrogen, etc., providing customers with the full life

Yada green energy solutions co ltd Kosovo

cycle services of basic design, detailed design, analysis & simulation, production design, manufacturing, installation and ...
