The payment model is broken down into installments conveniently paid through MTN Mobile money until you're done with the cost of the kit. That means that for instance you don't have to pay Ugx 650,000 upfront for the Starter kit. Instead you pay an initial fee of Ugx 50,000 and then deposit only Ugx 800 through Mobile money until you're done.

This rises to 95% of rural residents, with people living off-grid primarily relying on candles, kerosene, and batteries. Fenix's solar home systems are designed to extend safe, clean and reliable energy to these individuals, and the lease-to-own business model makes the systems ultra-affordable to last mile customers.
